

Why Is the E|CIH

The Best Incident Handling Certification

For Any Cybersecurity Professional?

Learn About the Key Features, Benefits,
and Modules >>>

KEY FEATURES

1.

1,600+ Pages in the Comprehensive Student Manual

2.

800+ Incident Handling and Response Tools

3.

780+ Illustrated Instructor Slides

4.

125 Incident Handling Templates, Checklists, and Toolkits

5.

95 Labs Simulating a Real-Time Environment (Covered in 22 Scenario-Based Labs)

KEY FEATURES

6.

10+ Incident Handling Playbooks and Runbooks

7.

100% Compliant with the NICE 2.0 Framework and CREST Certified Incident Manager (CCIM)

8.

ANAB (ANSI) ISO/IEC 17024 Accredited

COVERS THE LATEST AND LARGEST COLLECTION OF IH&R:

Templates

**Tools/
Platforms**

**Checklists
and Toolkits**

**Real-Time
Case studies**

**Playbooks
and Runbooks**

Frameworks

Cheat Sheets

**Standards, Laws, and Principles
of Legal Compliance**

BENEFITS OF THE ADVANCED LAB ENVIRONMENT

1.

Real-Time Environment Simulation:

Practice responding to simulated incidents in a safe, realistic environment with real-life networks and platforms.

2.

Lab-Intensive and Hands-On Approach:

Every learning objective is demonstrated through complex and advanced labs, enabling students to reinforce their theoretical knowledge.

BENEFITS OF THE ADVANCED LAB ENVIRONMENT

3.

Diverse Lab Environment:

Windows, Ubuntu, Parrot Security, Pfsense Firewall, OSSIM Server, and Android

4.

Comprehensive Tools and Platforms:

Forensic Software, Threat Intelligence Platforms, Network Monitoring Solutions, IH&R Tools, SIEM Tools and Solutions

LEARN THE **9 STAGES** OF THE INCIDENT HANDLING AND RESPONSE PROCESS

- 1** Preparation
- 2** Incident Recording and Assignment
- 3** Incident Triage
- 4** Notification
- 5** Containment
- 6** Evidence Gathering and Forensic Analysis
- 7** Eradication
- 8** Recovery
- 9** Post-Incident Activities

E|CIH MODULES

1. Introduction to Incident Handling and Response
2. Incident Handling and Response Process
3. First Response
4. Handling and Responding to Malware Incidents
5. Handling and Responding to Email Security Incidents
6. Handling and Responding to Network Security Incidents

E|CIH MODULES

7.

Handling and Responding to Web Application Security Incidents

8.

Handling and Responding to Cloud Security Incidents

9.

Handling and Responding to Insider Threats

10.

Handling and Responding to Endpoint Security Incidents
